PISTON SEALS**

Bonded Piston SEALS

TransTec® brand automotive replacement parts offer the highest quality available in the aftermarket. Our products contain the same quality, design, and materials supplied to Original Equipment Manufacturers globally. When it comes to automotive sealing components, TransTec is a name you can trust for world-class products and dependability. It's no wonder professional transmission, power steering, and heavy-duty rebuilders trust and install TransTec kits more than all other kits combined.

OEM Production & Quality

- ▶ A full range of elastomers including ACM, AEM, or FKM formulated for high pressure and low wear applications.
- ▶ Solvent-based adhesive used for superior bond in transmission applications.
- ▶ Structural metals from AISI 1008 to HSLA 70 are selected based on Finite Element Analysis ensuring maximum yield and fatigue performance at the lowest metal usage.
- ▶ Controlled phosphate application provides a superior surface finish for mating seal products.
- ▶ Product traceability on finished parts with a unique coding system, from molding to mixing and incoming material.
